

## Correctives for foundry

### Corrective products for foundry from Faci Europe spa

Fe-silicon-magnesium alloys  
Fe-Si-Mg-rare earths alloys  
nickel-magnesium alloys

calcined anthracite

Cersil

calcined petroleum coke

deoxidizers  
deoxidizers for superalloy

fe-si for inoculation

flowing products

graphitic carburizers

Ba-manganese inoculants  
calcium-zirconium inoculants  
chrome inoculants  
graphite inoculants  
high barium inoculants  
inoculants on stream  
inoculants proportioned for mould  
lanthanum inoculants  
medium Ba inoculants Barotin  
Mn-zirconium inoculants  
rare earths bismuth inoculants  
rare earths inoculants  
Si-Ba inoculants Fersil  
strontium inoculants  
titanium inoculants

mischmetal

cored wire nodularisers  
nodularisers in mold

cast iron pre-conditioners

---

nucleation products Colin

Protel for rotary furnaces

rare earth to fight the trace elements

slag removals

calcium silicides

rare earths silicides

silicon carbide

sulphurizing products

corrective cored wires

cored wires for spheroidal
