

## Metals and alloys

### Metals and alloys from Faci Europe spa

#### ALUMINIUM

Al metal in different titers and sizes for deoxidation

Al-special alloys

#### ANTIMONY-SB

Sb-metal

#### BISMUTH-BI

Bi-metal

Bi- composite low-melting alloys

#### BORON-B

B-master alloys

#### CALCIUM-CA

Ca-metal

Ca-derivative

#### COBALT-CO

Co-metal

Co-alloys

#### COPPER-CU

Cu-cathode in different sizes

Cu-master alloys in different compositions and sizes

#### IRON-FE

low C Iron in wire, billet, strips

#### LITHIUM-LI

Lithium metal

Lithium alloys

#### MAGNESIUM-MG

Mg metal in ingots, little ingots, grain

Mg-alloys

#### MANGANESE-MN

Electrolytic

Mn-alloys

**MOLYBDENUM-MO**

Mo-metal

Mo-master alloys

**NICKEL-NI**

Ni-cathode

Electrolytic Ni in crowns

Electrolytic Ni in micro-crowns

Ni-master alloys

**PHOSPHORUS-P**

Phosphorus copper in drops and plates in different titers

**SILICON-SI**

Si in different types, sizes

Nonferrous Si-alloys

**STRONTIUM-SR**

Sr-metal

Sr-alloys

**TELLURIUM-TE**

Te-metal also in micron powder

Te-alloys

**TIN-SN**

Sn-ingots

Sn-balls

Sn-alloys included the low-melting ones

**TITANIUM-TI**

Ti-metal

Ti-alloys

**TUNGSTENO-WOLFRAM**

W-metal

**VANADIUM-V**

V-metal

V-alloys

**ZINC-ZN**

Zn-metal

**ZIRCONIUM-ZR**

**FACI EUROPE**

**Faci Europe spa**
